Project Grow Community Gardens

VOLUNTEER OPPORTUNITIES

HEIRLOOM GARDEN: Help other dedicated Project Grow volunteers farm and advocate for, heirloom vegetables like potatoes, corn, beans, tomatoes, etc. This volunteer opportunity is extremely flexible in time and commitment level with plenty of fresh produce in the fall for all volunteers who help out with this special effort.

THEME GARDENS: Individuals and small groups can "Adopt" one of our many unique theme gardens: Heirloom Garden, Grain Garden, Dye Garden, Three Sisters Garden, Water Garden, Native Plant, Pizza, Peter Rabbit, Rock Garden, Herb Gardens and more! Volunteers can plant, tend, identify, teach about and label plants in the garden.

COMPOST EDUCATION CENTER: Maintain compost area and share composting knowledge with visitors on an informal and scheduled basis.

WONDER SPROUTS: This is a hands-on summer gardening program for elementary age kids. Volunteers are needed to help plan and implement gardening lessons/activities and assist kids with small garden plots. This program meets at both of the Discovery Garden locations, Leslie Science Center and at the County Farm Park.

WISE ROOTS: This program provides raised garden beds and volunteer assistance for seniors. Volunteers assist seniors as needed and also help with general garden maintenance. There are also opportunities to speak about a specific garden topic at the monthly potlucks. This program meets at both of the Discovery Garden locations, Leslie Science Center and at the County Farm Park.

EASY ACCESS: A garden of specially designed raised beds facilitates wheelchair access and provides volunteer assistance as needed. Volunteers assist the Easy Access gardeners with general garden maintenance and mobility requirements as needed. There are special opportunities to volunteer with these gardeners at our monthly potlucks. This program meets at both of the Discovery Garden locations, Leslie Science Center and at the County Farm Park.

CLASSES: Help plan and teach a variety of garden classes year round! Classes are held on Wednesday evenings from 5:30pm to 6:30pm. Project Grow provides materials and assistance for all classes. Great opportunity for Master Gardeners!

NEWSLETTER: Contribute to our quarterly newsletter. Photos and interviews with community gardeners are welcome!

VOLUNTEER ORIENTATIONS:

Orientations for Discovery Garden Volunteers, County Farm Park Volunteers, and Heirloom Garden Volunteers are being offered at the Leslie Science Center Nature House, 1831 Traver Road, Ann Arbor, on the following dates:

- ✿ Wednesday, April 19th, 5pm-7pm
- ✿ Saturday, May 13st, 10am-noon

DISCOVERY GARDEN LOCATIONS:

New this year, the Discovery Garden program has two locations. Our traditional Discovery Garden Program remains at Leslie Science Center but this season all three groups; the Wise Roots, Easy Access and the Wonder Sprouts, will gather together on Wednesdays from 4:30 to 7 p.m. from May through October. This garden is located next to the Leslie Science Center Nature House, 1831 Traver Road, Ann Arbor. Our new program, the Discovery Garden @ The Farm is located in Washtenaw County's Farm Park on Stadium Blvd with the new Wise Roots, Easy Access and Wonder Sprouts members who have chosen to garden at this site gathering there on Saturdays from 10 to 11:30 a.m. from June through October. This garden is located near the picnic shelter in the County Farm Park.
